

INAPI[®]

INCREASE YOUR INSTRUMENTATION PRODUCTIVITY

INAPI[®] A WiseTools Productivity Tool

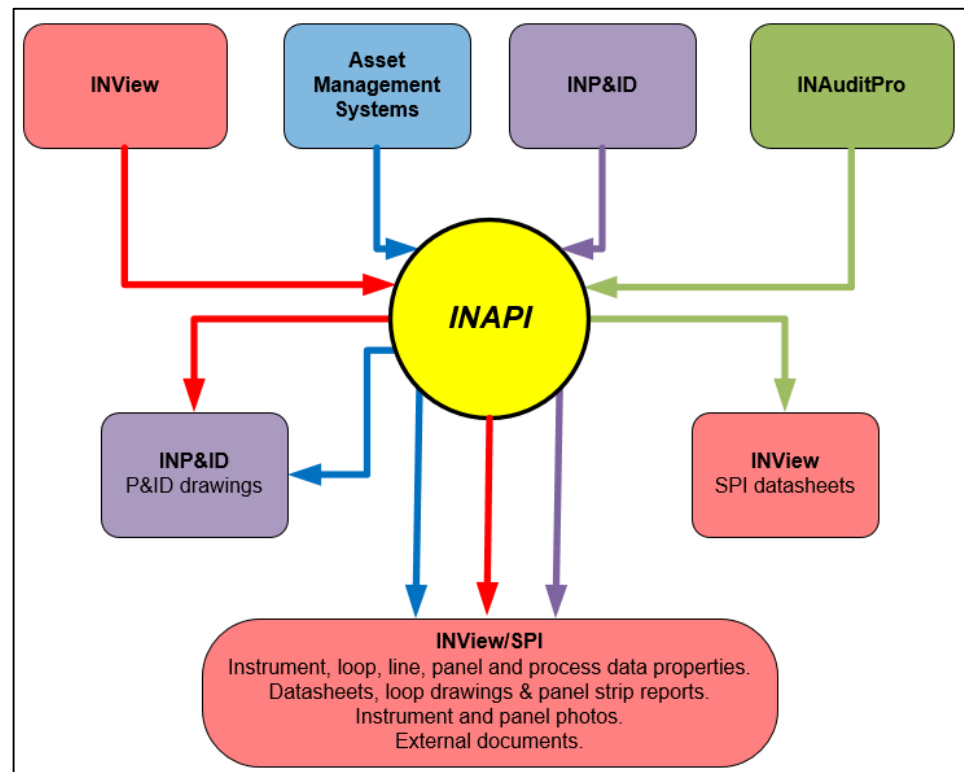

What is INAPI[®]?

INAPI enables interoperability between WiseTools INView, INP&ID and INAuditPro applications and it connects 3rd party software such as SAP, Maximo and AIM with INView and INP&ID. The result of this interoperability is the ability to view all your instrumentation and P&ID data and deliverables using a single interface.

Features and Benefits

- Improves collaboration and internal communication within the plant because INAPI's core functionality is integration, making connectivity fast and easy between applications: INView, INP&ID and INAuditPro, asset management systems, SPI instrumentation data and external document systems.
- Saves time by enabling the user to view SPI instrument tag data from unrelated applications. No need to go between two or three different systems to get the required information.

INAPI Integration Map

SYSTEM REQUIREMENTS

CLIENT:

- Microsoft Edge or Google Chrome
- Windows v10x

MORE WISETOOLS PRODUCTIVITY TOOLS

- INView
- INP&ID
- INAuditPro
- INDigital
- INSync Admin / Review
- INView Anywhere / INField Check, INLoop Check, INWalkdown - Instruments
- INFront

WISETOOLS SOLUTIONS

- SPI Consulting
- SPI Data Migration
- SPI Data Merging
- SPI Database Audits
- SPI Document Conversion
- Training for SPI and WiseTools Products
- Custom Programming
- SPI Upgrades

INAPI®

INCREASE YOUR INSTRUMENTATION PRODUCTIVITY

INAPI® A WiseTools Productivity Tool

Features and Benefits continued...

- **INAPI Integrations:**
 - ✓ **Asset Management Systems** such as Maximo, AIM, SAP, etc. can be embedded with URL commands and switches to enable the user to immediately view:
 - INView/SPI instrument data such as datasheets; instrument, process data, loop, panel strip and line properties; panel strip and loop drawings; instrument and panel photos; external documents, and
 - INP&ID P&ID drawings.
 - ✓ **INView** uses INAPI to display INP&ID P&ID drawings.
 - ✓ **INAuditPro** uses INAPI to display INView/SPI instrument datasheets.
 - ✓ **INP&ID** uses INAPI to display INView/SPI instrument and loop properties, SPI datasheets, SPI external documents and SPI loop and panel strip drawings.
- INAPI is a web application that uses Microsoft Edge or Google Chrome.
- Designed to work on a desktop or a tablet.
- User friendly – intuitive and easy to use.
- No passwords required.
- Easy to implement and configure.
- Compatible with:
 - ✓ SPI 2016, 2018 and 2019
 - Engineering and Owner Operated / As-Built configurations.
 - Oracle or SQL
 - Server 2016, 2018 +.
